

INVEST SUPPORTS STUDENTS WITH SCHOLARSHIPS

The InVEST program is committed to supporting continuing education for students interested in pursuing one of the many exciting careers in the insurance industry. Each year, we raise funds for scholarships that are offered to high school seniors and college students currently participating in – or a graduate of – an InVEST program.

COLLEGE, LICENSING AND DESIGNATION SCHOLARSHIPS AVAILABLE

COLLEGE BOUND

This scholarship helps high school seniors pursuing a two or four-year college degree, with an emphasis on insurance, risk management, actuarial science, or business with the intent of pursuing an insurance related career after graduation. There are several award levels including two outstanding applicants eligible for a \$5,000 and a \$3,000 award respectively.

SECOND ROUND

Previous InVEST Scholarship recipients who are currently enrolled and have completed at least three semesters of college are eligible to apply. Applicants must have declared a major in college and be working with an insurance mentor or advisor.

CLASSROOM TO CAREER

This \$500 reimbursable scholarship is designed to help with licensing, entry level courses, CISR or ACSR designations and is ideal for students who wish to pursue their insurance careers right after high school or while in community college.

The InVEST program was a huge part of my high school experience and it helped me to decide my career focus.
